

## **Bylaws Revised and Approved at AGM**

At our recent Annual General Meeting, members approved significant revisions to our Bylaws. As introduced during the 2024 Regional Gatherings, this direction involved incorporating key elements from our Articles of Governance directly into the Bylaws—no longer simply as an appendix.

These updates reflect our continued commitment to strong, transparent, and effective leadership.

### **What's New?**

The revised Bylaws now include:

- **Membership-related content:** covenant, privileges, responsibilities, reporting, and discipline
- **Annual General Meetings:** confirmed to be held every year
- **President's Term:** now clearly defined as up to four years

These changes provide a stronger governance foundation and empower the National Team and National Board to lead with greater clarity and purpose.
