

Pentecost is...

A day to celebrate God's ongoing work of renewal through the power of the Holy Spirit. When the Holy Spirit was poured out on the followers of Jesus seven weeks after his resurrection on the Day of Pentecost, their fellowship was marked by sharing and generosity. We use the Pentecost offering to extend generosity to new works which are reaching new people.

The Pentecost Offering

The two works chosen to receive the Pentecost Offering this year are as follows:

Evangelical Gospel Fire Church - Lethbridge, AB

This group has been meeting since March, 2014, sharing meeting space with a Messianic Jewish community. They are reaching out to the Asian community, African community, aboriginals, the homeless and others. They number from 40-50 each Sunday, and new believers are being added to their church every month.

The Edge Home Church Network, Canada-wide

The Edge began with a couple of home churches in Calgary in 2006 and now has over 30 home churches and intentional communities across Canada that simply intend to be the church where people live. It is essentially a large family of small groups of people passionate about imitating Jesus in their neighborhoods. They place a high value on relationships and community, equipping others to follow Jesus in the context of their own homes and their own lives.

To Participate in the Pentecost Offering:

Cash and cheques made payable to your church should be marked "Pentecost Fund" and placed in your church offering. You may also donate directly online at emcc.ca by Mastercard or Visa.

Your financial gift will be a great encouragement to these works and will enlarge their ministry capabilities. Thankyou for helping them to bring the transforming message of Jesus to their communities.
