

RENEW TREAT RELATIONSHIPS

Retreat for Pastors and Spouses

February 2-4, 2018 :: Niagara Falls

FOR EMCC PASTORS AND THEIR SPOUSES

Evangelical Missionary
Church of Canada
Following Jesus Together

This is a **REtreat** for a weekend of **REewal** and **REstoration** in Niagara Falls, Ontario, aimed specifically at our pastors and their spouses.

The focus of this **REtreat** is personal: it is for the pastor and their spouse - not their leadership skills, not their time management, not their professional development - but for the person/people behind the pulpit.

We designed this **REtreat** to strategically invest in the people who invest so deeply into our churches. The mission of the **REtreat** is to provide an opportunity for reflection and renewal, for pastors as people and pastors as part of a couple, for networking and connecting with other pastors and spouses creating a peer-support network.

RETREAT :: RENEW :: RELATIONSHIPS

Let this be your opportunity as a church to gift your pastor with:

- the space to retreat from the demands of the daily,
- the opportunity to renew their spirit, and
- the time and focus to concentrate on their relationships - with God, with each other, with their colleagues and friends.

Our speakers and worship leaders will be present to guide and challenge along the way.

THE ASK :: WHAT CAN THE CHURCH DO?

Please prayerfully consider gifting your pastor with this **REtreat**. Tell them how much you care for them as a person, not just as your pastor. Give them the enclosed brochure, a “gift certificate” to cover the cost or a portion of it and then allow them to take the weekend off as a couple to participate.

There is a world to win, programs to organize, people to train, and a church to maintain. Often churches are short on finances, people, and time to accomplish all of this. It seems the only way to make it is to work a little bit harder. However, could it be that busyness actually takes pastors away from what they are called to do?

Do you have the burning desire to see healthy pastors who survive and thrive for their entire lives in ministry?

Would you consider helping to make this weekend **REtreat** a reality for your pastor?
